

ODP 82-1449
29 September 1982

MEMORANDUM FOR: Chief, Building Planning Staff

FROM:

[Redacted]

DDA Representative

STAT

SUBJECT: Office Workstation Survey

[Redacted]

STAT

Attached are the completed work sheets from the DDA components. In addition to the offices that participated in the two previous surveys, the DDA front office was asked to confirm their office space requirements as well. They will be included in any subsequent information gathering activities.

You will notice that some components have taken the opportunity to update the projected special use space requirements for 1987.

I understand OL's response is already in your hands.
